### **CotterWeb Enterprises Named to *Inc.* Magazine's Annual List of 5000 Fastest-Growing Private Companies in the U.S.**

***Mendota Heights-based online loyalty marketing company ranks #20 in the Minnesota-Wisconsin region***

August 1, 2009 (Mendota Heights, Minn.) – CotterWeb Enterprises has been named to the prestigious 2009 Inc. 5000 list of The Fastest Growing Companies in America, announced today by *Inc.* magazine. The leading online loyalty marketing company, founded by Daren Cotter, rewards members for online activity and provides performance-based value for advertisers.

CotterWeb reported 300 percent growth over three years, expanding from \$4.4 million in revenues in 2005 to \$17.3 million in 2008. CotterWeb's Inc. 5000 company profile can be found at:

In addition to ranking 1,038 overall, Inc. also named CotterWeb:

- Number 20 on the Top 50 Inc. 5000 Companies in [Minneapolis-St. Paul-Bloomington, MN-WI](#)
- Number 93 on the Top 100 Companies in [Advertising & Marketing](#)

"We are honored to again be recognized and included in Inc. 5000's list of fastest growing companies," said Cotter. "Our growth has enabled us to extend our service to more advertisers, provide additional satisfaction to our growing membership and also provide new and exciting job opportunities to our employees."

Founded in 2000 by Cotter, CotterWeb develops and offers online loyalty marketing programs through its Web properties, InboxDollars.com and SendEarnings.com. These two leading online loyalty marketing Web sites give members the opportunity to be rewarded for their online activities, while providing tremendous value to advertisers by enabling them to reach members with targeted, performance-based advertising solutions.

Unlike the majority of online loyalty marketing programs that reward their members with points, CotterWeb rewards its members with cash — producing highly motivated, extremely responsive and loyal members that actively promote the CotterWeb brand. The company has quickly become one of the largest players in the online loyalty marketing sector by providing exceptional service to more than 7.0 million members, and by pioneering the pay-for-performance model of online advertising for its clients. —We’ve built an amazing team and we are looking forward to continuing our track record of aggressive growth in the future,” said Cotter.
